PROFESSIONAL EXPERIENCE

Central Negros Power Reliability, Inc.
UI/UX and Graphic Designer

November 2017 - Present

CENPRI is a power generation company that has five (5) engines totaling a net capacity of 25MW at its plant located in Brgy Calumangan, Bago City, Negros Occidental, about 16 kilometers south of Bacolod City. It operates 24/7 and is connected to the Visayan Grid through the 69kv San Enrique transmission line of the National Grid Corp. of the Philippines. The plant uses waste heat recovery systems for better fuel efficiency and environmental compliance. CENPRI was established by Energreen Power Inter-Island Corp. to be the project company for its 15-year, 18.9MW Peak and Reserve power supply services contract with the Central Negros Electric Cooperative (CENECO).

Appropriate Graphic User Interface for Websites/Systems:

- Able to produce specific project milestones and complete the project within the specified schedule.
- Capacity to envision a project before its initiation and inquire about imminent issues.
- Follow instructions from back-end developers/supervisor regarding data flow.
- Able to learn new technologies and optimize design time.
- Check and improve every aspect of design, spelling, and alignment in all browsers/devices.
- Design engaging and responsive landing pages effectively.

Coding Skills

- Create reusable modules.
- Capacity to use standard technical procedure for analyzing and designing a program, system, or business by employing the object-oriented principle and visual design all through the development life cycle.

Debugging Ability

- Detect and fix glitches promptly.
- Completion of all duties designated within the specified time frame.

System Updates/Upgrades

- Ensure newly integrated designs work properly and no conflict with existing codes.
- Spend time integrating new design features.

Testing and Implementation

- Ensure that all system processes are working properly before deployment.
- Ensure to report and track all found system errors to developers and make sure it's all fixed.

Graphic Designing and Other Design-Related Tasks

- Able to understand project and user requirements.
- Delivered quality work (i.e logos, printables, Id cards, tarpaulins, employee handbook cover, certificates, and signages)
- Able to submit projects and with revisions ahead of schedule.

Technical/User Support

- Help end-users with technical difficulties/issues or unclear processes.
- Able to help/solve any basic hardware/network issues (i.e printer, monitors, internet connection, etc.)
- Able to help/solve any basic software/program issues (Microsoft office, email, cctv viewing etc.)
- Logs all system-related changes/tasks in the log sheet.
- Process management's requested data generated by IT (i.e timekeeping, Purchase Requisition)
- Ensure to track all IT Equipment.

EDUCATION

Carlos Hilado Memorial State College
Bachelor of Science in Information System

June 2014 - March 2018

Victorias National High School

June 2010 - March 2014

OTHER PERSONAL INFORMATION

HEIGHT: 5'7"

BIRTHDATE: JUNE 16, 1997

NATIONALITY: FILIPINO
